

SilkPeel™ Dermalinfusion™

Clarifying Formula

- Salicylic acid formula promotes clear skin
- Can be used on cystic and pustular acne as well as open and closed comedones on the face and body
- Improves radiance and texture of skin
- Anti-microbial and anti-inflammatory
- Can be used in conjunction with SilkPeel Hydrating and Brightening Formulas

Age proof your skin with the new IndividualInfusion system!

Clarifying Formula

Salicylic acid remains the primary ingredient in this new clarifying solution. With the addition of aloe extract, patients with even the most sensitive, acne prone skin, now have an option that is both soothing and effective.

Ingredients: Water/Aqua, Propylene Glycol, SD Alcohol-40B (Alcohol denatured with 0.0006% Denatonium Benzoate), Aloe Barbadensis Leaf Extract, Salicylic Acid, Triethanolamine, Phomocryethanol (and) Methylparaben (and) Butylparaben (and) Ethylparaben (and) Propylparaben
